## **BRI-CHEM OPENS ELEVENTH NEW DRILLING FLUIDS LOCATION IN FARMINGTON, NEW MEXICO, USA**

---

Edmonton, Canada, September 6, 2012 – Bri-Chem Corp. (“Bri-Chem” or “Company”) (TSX: BRY) a leading North American wholesale distributor and manufacturer of oil and gas drilling fluids and steel pipe is pleased to announce that the Company is continuing its aggressive USA drilling fluids market expansion plan by adding its eleventh new strategically located storage area for distribution of drilling fluid products and stimulation additives to the USA oil and gas industry. The new location, in Farmington, New Mexico, is located in the yard of Bri-Chem’s transportation partner which will handle delivery of the drilling fluid products to locations into all areas of New Mexico. The drilling activity that Bri-Chem is targeting to service with this new location is within the Mancos Shale formation in New Mexico which lies inside the San Juan Basin.

### **About Bri-Chem**

Since our formation in 1985, Bri-Chem has established two primary segments of business through a combination of internal growth and acquisitions: Bri-Chem’s Drilling Fluid Division is North America’s largest independent wholesale supplier of drilling fluids for the oil and gas industry. We provide over 100 critical drilling fluid products, cementing, acidizing and stimulation additives from 27 strategically located warehouses throughout Canada and the United States; Bri-Chem’s Steel Pipe Division is one of only two companies in North America that can manufacture and supply large diameter seamless steel pipe for the energy industry. Bri-Chem is the first company to introduce Thermal Pipe Expansion (TPE) in North America.
